

Electrolux Klima uredjaj EACSI-18HELN8 EEC

Šifra: 71422

Kategorija proizvoda: KLIMA UREĐAJI

Proizvođač: ELECTROLUX

Cena: 89.990,00 rsd

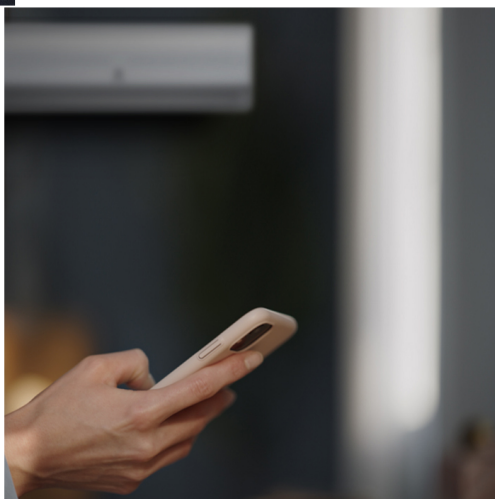

Silent operation

Due to the design features of the indoor unit and DC inverter technology, the noise level of the air conditioning unit is only 22 dB. Silent operation will never disturb your sleep.

Wi-Fi

Electrolux offers the consumer a new way to achieve a perfect microclimate.

The HEL series are equipped with the ability to be controlled via Wi-Fi from any place in the world at any time of the day or night.

Blue fin

Anti-rust coating of heat exchangers a special anti-rust coating on the heat exchanger, protecting it from salt-laden air, wind, dust and other corrosive factors.

4D-flow

Adjust the airflow direction with a single button on remote controller while sitting on a favorite armchair. 4D flow is essential for uniform air distribution throughout the entire room being cooled or heated.

4D protok vazduha - 4-smera krilaca

Bipolarni generator jona + UVC generise UV radijaciju u rasponu od 240-280 nm cime prodire u celije i unistava viruse

Grejanje do -20 °C

WI FI kontrola

Energetska klasa A++/A+++

5 brzina ventilatora

Zastita od pada napona

Cold plasma generator

Jonizator

I FEEL

Active carbon Filter

Vitamin C filter

Nano silver Filter

Catechin Filter

Deklarisani kapacitet hladjenja (W) : 5100 (1250-5910)

Deklarisani kapacitet grejanja (W) : 5100 (1250-6070)

Potrošnja energije u režimu hladjenja (W) : 1580 (330-2340)

Potrošnja energije u režimu grejanja (W) : 1374 (330-2520)

Ulazni napon : 220 -240 V / 50 Hz

Raspon voltaze (V) : 165-265

Operativna jacina struje prilikom hladjenja (A) : 8.1 (1.7 - 12.0)

Operativna jacina struje prilikom grejanja (A) : 7.0 (1.7 - 13.0)

Tip gasa / kolicina / GWP/ CO2 ekvivalent : R32 / 1 kg / 675 / 0.675 t

Nivu buke unutarne jedinice S/H/M/L/ Mute (dB) : 43/41/38/35/27

SEER : 6.1

Energetska klasa : A++

SCOOP deklarirani : 5.1

Energetska klasa (toplija) : A+++

SCOOP prosecan : 4.0

Prosečna energetska klasa : A+

Neto dimenzije unutrašnje jedinice (mm) : 910x294x206

Neto dimenzije spoljasnje jedinice (mm) : 853x602x349
Neto tezina unutrasnje jedinice (kg) : 10
Neto tezina spoljasnje jedinice (kg) : 35
Presek prikljucne cevi gas (inci) : 3/8 "
Presek prikljucne cevi tecnost (inci) : 1/4 "
Temperaturni opseg hladjenja spoljasnje jedinice °C : -15 - 53
Temperaturni opseg grejanja spoljasnje jedinice °C : -20 - 30
Temperaturni opseg hladjenja unutrasnje jedinice °C : 17 - 32
Temperaturni opseg grejanja unutrasnje jedinice °C : 0 - 30
